

Greetings First Baptist Church Highland Park (FBCHP) Ministries!

Thank you for taking a few minutes of your time to read what the FBCHP Web Ministry has to offer you. The Web Ministry at FBCHP is responsible for developing and maintaining the church's website. We create, update, and enhance web pages for all participating ministries at FBCHP. We currently have over 65 ministries that have web pages on our website. Our prayer is that if your ministry does not have a page(s) on the web site, you will take this opportunity to have one added. We are here to serve you.

Attached you will find a copy of the form needed to begin work on your ministry's web page. Please fill in the form and place it in the Web Ministry's mail box in the church's office or email the information to WebMinistry@fbhp.org. We are not asking you to give us all the information at once. Provide us with as much information as you can at this time so that we can create the page. Thereafter, we can update the page(s) as needed.

We are looking forward to designing your Ministry's web page(s). In all that we do, to God be the glory, even through our websites. If you have any questions, please contact us at WebMinistry@fbhp.org or leave us a message in the church's office.

Thank you and we look forward to serving your Ministry needs through the internet.

God Bless and Keep you in His care

FBCHP Web Ministry Team

Web Ministry

Web Page Design Form

Ministry Name: _____

Assigned Web Team Members: _____

The Web Ministry needs information about your ministry. Please take the time to provide the information on this form. Your information should be brief so that it can fit on one page. The information will be used to setup a Web Page for your ministry. We will be working throughout the year to add new pages. Priority is given in the order the information is returned. We require that all information be in Microsoft Word format and can be returned via disk to the Web Ministry mailbox in the Church Office. You may also email your information to WebMinistry@fbhp.org. If you do not have a computer, write legibly or type the information.
